

11. 28 December _____

between feasting and feasting
between family and family
between one part of country and another
a day of transit, seasonal migration

a Radio 4 programme
the Feast of the Holy innocents
which is today and not widely marked today
the Holy Family seeking refuge in Egypt

it hardly needs to be said that
the massacre of the innocents is happening today
it needs to be said that
the massacre of the innocents is happening today

twenty sixteen a year of opinion
you can only meet the living
you can only question the living
there is no representative sample of the dead
